PHILOSOPHY STATEMENT

The athletic programs administered by the Catholic Diocese of Memphis are based on the premise that young adolescents between the ages of 10 and 15 have special spiritual, intellectual, emotional, social and physical needs, which are best met in an environment, which is distinct from not only elementary school but also high school athletic programs. The Parochial Athletic Association (PAA) offers to its participants a sense of belonging and creates a climate resulting in young people who work toward developing strengths and improving weaknesses. This atmosphere allows young adolescents to experience positive growth and development now and in the future. Athletic programs, which are based on the teachings of Christ and rooted in the teaching of His Church, provide avenues for learning which foster positive attitudes about self and others. The PAA also offers for the younger children (school age – grade 4) a league that offers soccer, basketball, baseball and softball – this league is known as the Charlie Brown/Lucy League (CBL).

Within the five principal areas of maturation typifying the young adolescent years: spiritual, intellectual, emotional, social and physical, administrators and coaches of PAA programs work harmoniously with church/school leaders and teachers and utilize a variety of instructional techniques. The instructional aspects of PAA programs are participant-centered and specifically geared to meet individual player needs. No interested adolescent is “cut” from a team, i.e. denied participation on a church/school-sponsored team in a PAA league. Furthermore, all PAA programs and related activities receive equal planning and support. The respect for the human dignity of each participant is at the forefront of all decision-making.

The PAA programs are the instruments by which young adolescents develop the fundamental skills and basic strategies of the games or activities in which they participate. During the ages of 10 and 15, adolescents want to explore all extra-curricular possibilities in order to determine which ones they are most interested in and most proficient in. Winning should not be the primary goal of PAA athletics. Winning is less important than preparing the athlete to win. Young adolescent athletes should be rewarded for personal bests and positive efforts, regardless of game outcomes. If the emphasis on winning or being the best is introduced too early or too strongly, the emotional balance of this age group is upset. Administrators and coaches in the PAA must have an understanding of adolescent development phases, enjoy working and having fun with youngsters, and respect the uniqueness of each of their charges. Likewise, administrators and coaches in the PAA must be committed to enhancing the growth and development of players, to offering specialized and proper instruction, and to working as a part of the church/school athletic programs teams. They must foster trust, dignity, consistency, fairness, and add a degree of humor to their endeavors.

The CBL league is structured in such a way that all players who are eligible should receive equal playing time in each game. Scores are kept but the emphasis is not on winning, but is on learning the basic fundamentals of the game, sportsmanship and the

advantages of being a member of a team. League standings are not kept in this league and there are no team awards presented.

GOALS OF THE PAA/CBLL

Spiritual

- To appreciate and actively support the inherent ties between church, school, and the sponsored activities.
- To embrace the challenge of working for the development of a personal relationship with Christ for each participant

Intellectual

- To utilize and foster the development of proper communication skills, diverse teaching strategies, and necessary game skills

Emotional

- To provide opportunities for each adolescent participant to explore his/her identity, values and abilities

Social

- To model respect for human dignity
- To promote the ideals of sportsmanship
- To ensure the development of teamwork

Physical

- To acquire a keen understanding of adolescent development & adolescent needs
- To accept responsibility for guiding children through subsequent emotional changes associated with physical development
- To hold the bodily safety of each participant, as previously identified, in the highest regard

THE ROLE OF SPORTS IN CATHOLIC SCHOOLS

Catholic schools are excellent because they are holistic in nature, i.e. they educate the whole person. In addition to the spiritual and intellectual dimensions, there is a need for the physical development of each student.

Pope John Paul II, an avid sportsman himself, believes that “sports can and must contribute to the integral development of the human person.”

Catholic elementary schools in the Diocese of Memphis support sports programs as part of their ministry to their students. Sports promote good health, strong self-esteem, loyalty, fair play, generosity, friendship, cooperation and other positive values.

First and foremost in the minds and hearts of all those involved in Catholic school sports programs should be the interest of the young people under their care. Every effort should be made to place competitive sports in a Christian perspective. The desire to win at all costs should be discouraged. Violence on the field, poor sportsmanship, excessive negative reinforcement, and other such inappropriate behavior should be eliminated. The emphasis should be on insuring positive reinforcement, skill development, teamwork and good sportsmanship.

It is the goal of the diocesan athletic director’s office to insure that the sports programs reflect the highest principles and teachings of the Catholic Church.

STUDENT SPORT PARTICIPATION POLICY

Every effort should be made so that every child is given the opportunity to participate in some portion of every competition. A good coach is able to devise a strategy to insure that every young person under his or her care gets an opportunity to play.

Because children develop differently, their ability to acquire the skills necessary to perform well in any sport will vary widely. Coaches must keep them interested, committed, content and confident. Too many children have such a bad experience with sports programs that they quit early in life, never having the chance to meet their full potential.

Sports in the Catholic school system strive to further the mission statement of our schools:

The Catholic schools in the Diocese of Memphis, in accordance with the teachings of the Roman Catholic Church, are committed to quality education, in an environment of spiritual, intellectual and moral formation, in which faith, culture and life are brought into harmony.

i

SELECTION OF COACHES

The initial selection of coaches is vital if an athletic program is to reflect Christian values. A coach should not be selected purely for his/her knowledge of sports, but rather as a potential youth minister who will reflect and model the Gospel values that should be incorporated into the athletic program.

The Head Coach of each team will be held responsible for all actions of assistant coaches, game personnel and fans/spectators. In the absence of a game administrator, the head coach will have to assume those responsibilities.

Criteria for selection of coaches must include:

- Model Christian
- Emotionally stable & responsible
- Interested in working with young people in order to build their confidence, while being sensitive to their differences
- Completion of diocesan coaches accreditation program
- Knowledge of sport and skills necessary to be successful
- Knowledge of PAA rules and regulations
- Approval of the Pastor, and/or Principal
- Criminal background check on file at Diocesan Office
- VIRTUS® training completed

It is recommended that at least one coach of each team be currently certified in CPR and First Aid.

CATHOLIC SCHOOL COACHES' PLEDGE

Upon my honor as a Catholic school coach, I pledge myself to the following:
To guide each player to be a better Christian & better citizen;
To be ethical and sportsmanlike in my coaching conduct toward all players, officials, fans, and other coaches;
To motivate each player to compete according to the rules at all times;
To teach each player, especially through my own example, to be humble and generous in victory and proud and courteous in defeat

A GOOD COACH

- Understands the rules and instructs his/her players accordingly
- Controls his/her emotions
- Knows when and who to substitute
- Speaks in a manner and tone appropriate for his/her position
- Realizes players never purposely make mistakes and never ridicules
- Concentrates on coaching and lets the officials call the game
- Is fair and does not show favoritism
- Sets realistic practice and game schedules
- Never permits an ill or injured player to practice or play
- Insists that a team practice with the same enthusiasm and skill as demonstrated during a scheduled game
- Uses ALL players in practice and in games
- Never deliberately humiliates an opponent by pushing up the score
- Insists that players accept victory with modesty and defeat without alibi
- Does not review a game immediately after the final whistle when emotions are high, but saves detailed comments for the next practice
- Realizes a team's reputation is built not only on its playing ability, but also on its sportsmanship, courtesy, and manner.

CODE OF CONDUCT FOR COACHES & PLAYERS

No coach or player is to:

1. Refuse to abide by official's decision or use profane language or gestures.
2. Exhibit objectionable behavior (i.e. throwing equipment or any other forceful action)
3. Verbally abuse an official for any real or imagined unjust decision or judgment, or verbally abuse a player, opposing coach, or spectator
4. Physically touch, push, shove, strike or threaten to strike a player, official, coach or spectator.

The head coach of the team playing will be held responsible for the conduct of all players, assistant coaches and fans from their schools at home/away contests.

The Board of Control and the Diocesan Director of Athletics in consultation with the Superintendent's office will determine penalties for any of the above infractions.

Until a decision is made on the penalty associated with unsportsmanlike behavior - any coach/player who is ejected from a contest for any reason will serve an immediate suspension.

In most cases, suspension will be for two games for all sports with the exception of football, soccer, golf and cross country (1 game). Suspension will be in effect until all paperwork has been faxed to PAA office and approval faxed back to school. After serving one suspension, if coach/player is ejected again within the same school year, the suspension will be for one-year.

Any coach/player ejected for unsportsmanlike conduct must attend a conference before rejoining the team. At this conference – in attendance should be the Athletic Director, Principal (or Pastor if a church setting) and player/coach ejected. If it is a player – at least one parent/guardian must attend the meeting as well as the head coach of the team.

Athletic Director must provide a written statement that the conference was held; those in attendance; and the games that the coach/player/fan will sit out. Player/coach may NOT rejoin the team in any way until approval from the League Office.

The above will be enforced by the PAA office – local institutions may add to the discipline – but not take away.

CODE OF CONDUCT PARENTS & FANS

Any parent or fan whose behavior is deemed objectionable (i.e. offenses similar in nature to those in the coaches and players code of conduct) by any game official, pastor, school principal or appointed person in authority at that event, should be asked to leave the premises. The pastor/principal of the school(s) involved should then make a further determination as to whether or not the individual(s) should be banned from additional games.

It is recommended that fan ejections for unsportsmanlike conduct be handled in the same manner as coach/player ejections. (Revised August, 2001)

The head coach will be held responsible for the actions of all assistant coaches, game personnel, players and fans/spectators.

CHILDREN'S ACT FOR CLEAN INDOOR AIR

For health and safety reasons, smoking is not permitted at any PAA sponsored activity. In response to the "Children's Act for Clean Indoor Air" enacted as Public Chapter 455 by the Tennessee General Assembly, the act prohibits smoking at all public and private kindergarten, elementary, and secondary schools and school grounds. The term is defined in the act and includes any building, structure, and surrounding grounds. Adults may be permitted to smoke outdoors as long as they are more than fifty feet from any entrance to the building or playing field.

Please refer to soccer section for more information.

Membership for grades 1 – 4 leagues are on a per team or player scale. The contests usually do not charge admission fees so all costs for the season are paid up front.

Membership is possible on a single sport basis. The dues for such affiliation shall be \$100.00 per team entered in each league. Payment is due at the time the eligibility form is submitted. Both the sport and the team's division of play categorize the status of any team. Schools that enter only one team in a specific sport may not participate in the instructional league. Single sport memberships are for one sport/year. **(Revised August, 2001)**

Schools desiring to join the PAA (either on a single sport basis or as an institution) should submit in writing a letter requesting to join the PAA. The letter should include signatures from the Pastor, Principal; school name, address, phone number, sports that will be offered, approximate number of teams, and approximate enrollment. **Schools that join the PAA are ineligible to win the League Championship and to participate in any sort of PAA sponsored end of the season tournaments for the first two years of membership. Grades 5 & 6 participate in the Formative Division, which is divided into the Peewee Division (boys) and the Lassie Division (girls). Grades 7 & 8 participate in the Junior Division (boys & girls). Large/small divisions will be based on school enrollment. **(Revised August, 2001) AMENDMENT – Aug, 2003 – The PAA will include the following sports for grades 1 – 4: soccer (boys and girls), basketball (boys and girls), baseball (boys) and softball (girls). These sports will play under the name “Charlie Brown/Lucy League Sports”.**

CBL sports are played according to grade – divisions will be 1st and 2nd grade boys, 1st and 2nd grade girls, 3rd and 4th grade girls, 3rd and 4th grade boys. Please refer to the maximum age for each grade level. In case of a difference in age/grade – an appeal should be made in writing to the Diocesan Athletic Director for review.

Section 4: The PAA shall sponsor the following sports for grades 5 – 8: cross country, boy’s football, girl’s volleyball, basketball, baseball and softball. The PAA shall sponsor golf for grades 7 & 8 (boys & girls). Cheerleaders are also permitted for grades 5 – 8. Soccer is offered for grades 1 – 8 (boys & girls). Basketball, baseball & softball are offered for grades 1 – 4 (boys & girls). Students must play in the appropriate age division level. Students cannot move up to a higher grade/age division. Example: 5th grader could play in any league offered for 5th, 6th, 5th/6th graders, but could not play in any 78 leagues. This applies to all ages and grades.

Section 5: The PAA’s member institutions shall manage their respective teams, whenever possible, in the order of pastor, administrative head of the school, athletic director, sport commissioner, team coach, etc. The designated head of an institution’s team is responsible to the PAA and shall have control over matters of finance, eligibility, scheduling, etc. Any institution whose athletic program is managed outside of the pastor-administrator/designate model shall not be eligible to hold membership in the association.

Section 6: When a team is entered in the instructional/combo league the following requirements must be met: School/church must have entered a team in either the large and/or small division; team entered in the instructional league must be balanced as evenly as possible (grade, talent, size, etc). **(Revised August, 2001)**

Section 7: Teams are not allowed to participate in another league during the same sport season. Individual games may be added, but they cannot conflict with a regularly scheduled league game or put a team over the maximum number of contests allowed. **(Revised August, 2001)**

Article IV: Duties and Responsibilities

Section 1: The PAA shall provide playing schedules in accordance with the association's sports calendar for each team entered by a member institution in any sport. The PAA shall designate dates, sites and times for competition.

Section 2: The PAA shall establish event admission prices and fees to be paid assigned game officials from the host institution's gate receipts. Some schools are required to pay by vouchers that are processed through the Accounting Office at the Catholic Center. These schools are required to process the vouchers the next school day after the event so the proper game personnel shall be paid in a timely manner. The PAA shall also provide member institutions with admission passes for all administrators and coaches.

Section 3: The PAA shall conduct mandatory rules meetings for coaches and game officials for each sponsored sport before the first league game. Failure of the head coach or a representative of the head coach to attend will result in a \$25 fine that must be paid prior to the start of the season.

Section 4: The PAA shall provide all academic award certificates or ribbons and championship plaques for deserving individuals and teams from member institutions. Schools are asked to NOT provide members of winning teams with any sort of extra recognition awards. Good sportsmanship is of utmost importance and most times when t-shirts, sweatshirts, etc are printed and distributed – it does not promote good sportsmanship between schools. Schools are allowed to hang banners recognizing a championship/runner up status in a league or PAA tournament. PAA does not allow All-tournament teams or games.

- (b) Require all student participants to file a sports medical form/parental permission form before trying out and/or practicing with any sponsored team or for any event.

- (s) Comply with diocesan policies regarding VIRTUS training and criminal background checks for all adults serving in any capacity with the children.
- (t) Comply with the current heat index policy which prohibits outside participation in all sports when the heat index reaches the “danger” level. All schools should have some sort of heat index monitor to monitor these measurements. (refer to www.tssaa.org for guidelines)**
- (u) Comply Concussion policy (found at www.tssaa.org) and Thunder/Lightening policy for all outdoor events (see appendix)**
- (v) Have a written emergency plan for dealing with all home athletic events. This plan should be thoroughly discussed with all coaches and distributed to all involved. Plans should also be in writing and distributed to all involved for any and all neutral location events – such as cross country meets held at Shelby Farms.**

Article V: Student Eligibility

Section 1: To be eligible to participate in athletic contests or activities during the year, the student shall be enrolled full time at a member school or be a member of the parish/church, enrolled in and regularly attend a religion education program sponsored by the member institution. In the case of home school students who wish to participate, those will be handled on a case by case basis. Parent should contact member institution and athletic director/principal from member institution should contact league office to begin an appeal/hardship process.

Section 2: It is required that no student be permitted to participate in tryouts, practices, or events until there is on file with the administrator of the student's athletic program a sport medical form/parent permission form signed by a properly licensed doctor of medicine and the student's parents/guardians. The sports medical form shall certify that the student has passed an adequate physical examination not earlier than April 15 of the current school year, that the student is physically fit to participate in sports programs, and that the student has permission to participate. The parent permission form will include all pertinent information as to insurance and whom to contact in case of an accident.

Section 3: No student who has reached the maximum age by grade level on or before September 1 of the current school year is eligible to participate. The age by grade maximums shall be:

- Grade 1 – 8 years old
- Grade 2 - 9 years old
- Grade 3 – 10 years old
- Grade 4 – 11 years old
- Grade 5 – 12 years old
- Grade 6 – 13 years old
- Grade 7 – 14 years old
- Grade 8 – 15 years old

(refer to section 12 for information on filing a hardship/appeal in certain cases)

Section 4: Students who are retained (for non-athletic reasons) are eligible for participation if the following requirements are met: If a child is a member of a PAA school and the school recommends he/she repeat a grade that the Principal can grant an exception to the rule and allow the child to participate as long as the child is still within the age guidelines for the grade. (If principal is convinced that retention is for the best interest of the child academically and in no way athletically related.) The Principal would need to submit in writing to the Superintendent a letter stating the pertinent information related to the student they are granting the exception to. If a child is not a member of a PAA school and transfers in for the year they are repeating – this automatic exception is not an option. May, 2007

Section 5: Each member institution shall develop and file with the PAA Director an eligibility requirement of academics. This form is due no later than September 1.

Section 6: An eligibility list containing the name of each student who is to participate during the season in each sport shall be filed by the member institution's administration with the Director's office prior to the published deadline. An eligibility list shall be filed for each team in each division in any sport. If a student whose name does not appear on the original team eligibility form wishes to join the team, an additional eligibility form listing the added student must be filed with the Director's office prior to the athlete's participation. **(this form can be sent via email as an EXCEL spreadsheet – it should include school info, team info, coach info and the names/grades of all participants on that team as well as a notation from Principal/Pastor that all eligibility requirements have been met for all players and coaches).** May, 2007

Section 7: A student in grade 8 who participates in a varsity or B-team sport with his/her high school team is not eligible for the institution's PAA team in the same sport. The student is eligible for participation in other sports sponsored by the PAA.

Section 8: No student with an athletic record during a school year who transfers from one member institution to another without a corresponding change of address of parents/guardians shall be eligible for participation in sports for the remainder of the school year.

Section 9: A student who attends a member institution is allowed to play for another member institution only when the member institution he/she is a member does not offer the sport. The student must play for the chosen school for the duration of their grade school years. Example: A member of OLPH desires to play football. Player chooses to play for Holy Rosary. Player is eligible to play for Holy Rosary, but must play for Holy Rosary until he graduates from 8th grade. Exception would be if OLPH should decide to start a team, the player would then have to play for his member institution.

Section 10: Accidental, intentional, or other use of ineligible players by member institutions shall require that a team's victories in which the ineligible player(s) participates be forfeited. Repeated instances of the use of ineligible players by the same institution can require the suspension of the institution from participation in the PAA and/or monetary fines.

Section 11: No part of these eligibility rules shall be set aside by mutual agreement for any contest or event whatsoever, nor shall they be supplemented in any contest or event held.

Section 12: The Director and the Board of Control shall have the authority to set aside the effect of any eligibility rules upon an individual student when in their opinion the

rule fails to accomplish the purpose for which it is intended, or when the rule works an undue hardship on the student.

Requests for a review of the student's status should be made in writing to the Director. It is recommended that hardship application letters filed with the Director list the eligibility rule for which the institution is requesting an exception and the reasons for the request.

These requests will be reviewed by the Board of Control, Diocesan Athletic Director and a representative of the Superintendent's office. A ruling by this group will be made with the best interest of ALL involved.

Article VI: General Contest or Event Rules

Section 1: In general, the official rule books as published by the National Federation of High School Associations shall be used in PAA sponsored sports. Additional rules/requirements for individual sports shall be found in the individual sports section of this handbook.

Section 2: The PAA's member institutions shall adhere to the published Sports Calendar. The sport season for any team shall end when the team has been eliminated from the PAA tournament if one is offered or played their last PAA game if a tournament is not offered.

Section 3: Participation in the PAA jamboree does not count as a regular season contest; however, team eligibility lists should be filed with the Director prior to participation. If the PAA does sponsor a jamboree all teams participating in the league are expected to participate.

Section 4: Participation in any PAA sanctioned invitational tournament or any tournament before or during league play shall count as two games for purposes of reconciling game limits by sport for the PAA Sports Calendar.

It is recommended that all member institutions notify the Director's office of any tournament that will be sponsored by the member institution during the season. League games may NOT be rescheduled to accommodate a tournament schedule.

Section 5: No practice games, combined practices, or controlled scrimmages shall be played after a team plays its first PAA contest.

Section 6: If member institutions do not have enough students to field a team and wish to join with another institution to form a team the Director's office must receive written notification from both institutions with the appropriate administrator's signature prior to the deadline for eligibility forms.

Section 7: Sports teams, cheerleading squads, and other event participants shall not exceed a maximum of eight hours of games, practices, or related activities in any week. No practice session shall exceed two hours in length. A game shall count as one and one-half hours. The maximum numbers of game sessions and/or practices sessions shall not exceed five per week.

Section 8: The head coach or a designated representative (submitted in writing to Director's office prior to meeting) must attend the PAA rules meeting for each sport. Penalty for violation of this rule shall be a fine of \$25.00. Athletic Director and assistant coaches are also welcome to attend.

Section 9: PAA coaches must always set a proper example and maintain a professional attitude toward student athletes, other coaches, and game officials. Furthermore, coaches must be living a lifestyle consistent with the basic beliefs of the Church and be an active member of their own church, regularly attending worship services.

PAA coaches shall display good sportsmanship, always maintaining poise and control of themselves and their players. Coaches shall publicly shake hands with opposing coaches before and after each contest. Coaches shall also help the institution's administrators control the behavior of parents and fans during events.

Section 10: The game officials shall have the authority to use as a penalty the forfeiture of contests as sanctions against the flagrant misconduct of coaches or spectators. The flagrant misconduct of players or coaches shall be penalized by the player's /coach's ejection from the game and a suspension that will follow.

In the event that any of these situations occur, the game officials shall report in writing to their Coordinator who will in turn report to the PAA Director.

It is asked that each member institution report to the PAA Director all situations involving an expulsion of a player, coach, or spectator. Player and/or coach involved are ineligible for further participation until the proper procedures have been followed and a clearance issued from the Director's office.

Section 11: The use of alcohol, tobacco in any form, or profanity by coaches, officials, spectators, or athletes is prohibited at PAA events.

Section 12: The coaches of member institutions should review the PAA handbook each year.

Section 13: It is the responsibility of each coach to complete an officials rating form provided by the different official's organization after each contest. This will help all involved to make sure we are providing our student athletes with the best officiating

possible. Forms should be returned to athletic director and then in turn forwarded to the respective head of the officials association.

Section 14: Member institutions shall require the presence of, at least, one administrator or designated representative at PAA events to help with crowd control and to intervene on behalf of student participants whose coach may be unable to remain at the event until its conclusion. This person should introduce himself/herself to the opposing coach upon the opposing teams arrival at the host site. In the event an administrator is not on hand, the head coach will assume these responsibilities.

Section 15: It is asked that all PAA events begin with a prayer involving both teams. Prayer cards are available from the Catholic School Office.

The intent of this rule is for all children to receive equal playing time at each game – it is not the intent that the better or older players play all of the game and the younger or lesser skilled players “split” the remainder of the game to play 50%. - Coaches should be properly attired at all games & practices.

PAA Soccer Rules

Please refer to PAA handbook for league policies, procedures, eligibility requirements, etc. (ages, grades, limits on practices, games, physicals, behavior, etc). We will enforce all policies/procedures, requirements in PAA handbook – it is not the desire of the league for these to negatively affect a student – we have in place an appeal/hardship policy. This must be done PRIOR to a student/team participating in any sort of practice/game. This request must be in writing (mail, fax, email)- include in your request all pertinent information and also the rule that you are asking that the PAA set aside this one time for this student. All requests are kept confidential.

- In all divisions, a report should be filed with the League Office within 24 hours of the occurrence – a determination will be made after reviewing reports from teams and officials as to the length of the suspension the player will serve. (See Code of Conduct in PAA handbook. In some instances, a red card can be given in soccer when a 2 game suspension may not be warranted – these situations will be dealt with individually)

9. Disqualified coaches

- Once that team has stopped play for a substitution, the other team can then also substitute.

13. Rosters

- An official roster must be submitted by the league mandated deadline.
- Players may be added after rosters are submitted, but before the player participates in any manner – a revised roster should be submitted to the league office as well as necessary fees. - Spectators shall sit or stand no closer than 3 yards from the touch line.
- Persistent, illegal coaching from the touch line outside of team and coaches box shall result in a warning by the referee the first time and an indirect free kick thereafter awarded by the referee, from the point of play.
- Any coach who enters the field of play without permission of the referee, for any reason except in the case of an injured player, will be issued an automatic yellow card. A second such occurrence in the same game will result in an automatic red card, and the coach must leave the field and site. - U 14 penalty shots will be taken from a distance of 10 yards.

19. Fifty percent/equal play rule

- Each player must play a minimum of fifty percent of each game the player attends if he/she is eligible. The intent of this rule is for all players who are eligible to participate – receive equal playing time. (It is not the intent of this rule for all players to play 50% of the game and then the better players play 100% of the game – all players should receive equal playing time EACH GAME). It is the responsibility of each member institution to convey to parents/players at the beginning of each season what factors will determine a players “eligibility to play in games” – this is not the same as the PAA player eligibility rule that determines if a player can represent the member institution.
- For all age groups, the coach must make a good faith effort to keep track of the player’s time to insure compliance with the “minimum 50%/equal playing rule” each game.
- It is the responsibility of each school/church to monitor all their teams’ compliance with this rule.
- Coaches/teams not complying with rule are subject to league sanctions.
- To report violations of this rule – a written report should be filed with the league office and a copy sent to the offending institutions athletic director. The report should contain as much information as possible so that the athletic director can conduct an investigation into the matter. Violations should be reported within 48 hours of the game. As stated above, the league office will deal with the offending teams athletic director and pastor/principal – a reply will not be made to the team/person who turned in violator.

20. Rescheduled games

- After school/church has submitted intent to enter league or the deadline to submit the information has passed – games will not be rescheduled except for rare occasions.
- The league office will determine whether or not a game will be rescheduled.
- Fines will be assessed for all games rescheduled, even with the league’s approval. Fines will also be assessed for any team who does not show for a game.
- If for any reason the league office schedules a team on a date that was submitted on the intent to enter league form – that game will be rescheduled at no cost to the teams involved.

21. Inclement weather

- It is the duty of each institution’s Athletic Director to determine whether or not that institution’s field will be playable on game day.

- At the time a decision is made, it is the responsibility of the Athletic Director to notify the Official's Coordinator as soon as possible and no later than 1 hour prior to the beginning of the first game on game day.
 - It is also the responsibility of the Athletic Director (or designated appointee) to convey this information in a timely manner to all who will be playing at their field on that day. Some places choose to post information on a recorded message - this should be posted prior to 1 hour before the first game.
 - The phone number to call must be made available to member institutions athletic directors and representatives and coaches, officials coordinator and officials – IT IS NOT TO BE GIVEN TO PARENTS.
 - Each coach will be responsible for contacting his/her team.
 - Once it has been determined that the field is playable , it shall be solely the discretion of the designated referee as to whether or not a game shall be played, or, if in progress, halted, due to inclement weather or dangerous playing conditions
22. Rescheduling of rained out games
- It is the responsibility of the Athletic Directors of the schools involved to reschedule games if so desired.
 - If the official has been compensated for the rained out game or postponed game – it is the responsibility of the teams involved to provide payment for the official at the published rate.
 - Before players are informed of rescheduled events, the officials coordinator must be notified and provide approval that an official can be assigned.
 - All rescheduled games due to inclement weather should be turned into league office in writing by both teams involved after confirmation has been made with Officials Coordinator. Notation should be made on this form as to how payment will be made to official.
23. Protests & Complaints
- All protests will be reviewed by the Board of Control, Diocesan Athletic Director, representative from the Superintendent's Office and the PAA Soccer Commissioner.
 - If any of the above is directly connected with any party of the protest – a substitute will be appointed to review that case.
 - Protests should be made within 72 hours of the act about which there is a complaint or protest.
 - Protests should be made in writing and signed by the coach, athletic director and pastor/principal. Schools desiring to file a protest should provide a copy of a videotape of the game if possible if by viewing the videotape, it will better enable the members of the Board of Control to determine cause/action.

- A \$25 protest fee must be paid by check to the League Office before it will be reviewed. If the protest is upheld, the \$25 check will be returned.
 - Protests are never allowed on a judgment call by the official.
 - Two items are considered as protests:
 1. a determination of the eligibility of a player and
 2. a misapplication of a soccer rule by the game referee.
 - If such a protest is allowed, the Board of Control can assess a fine/penalty/punishment/forfeiture of game/or have the game replayed.
 - A complaint may be filed with the League Office on matters that are not eligible for a protest. Game officials are required to report unsportsmanlike behavior by coaches, players and fans, before, during or after a game to the Officials Coordinator.
 - Complaints should be submitted in writing to the League Office within 72 hours of the problem.
 - Complaints will be reviewed by the members of the Board of Control, Diocesan Athletic Director, representative from the Superintendent's Office and the PAA Soccer Commissioner, but a meeting will not be convened.
 - Game results will not be altered nor will the game be replayed.
 - The Board of Control will take such action as necessary to correct any problem that may be discovered as a result of the complaint.
 - Examples of complaints are: unsportsmanlike conduct, improper judgment calls by the officials, poor playing conditions and violation of 50%/equal play rule.
24. Referees
- The PAA shall use state registered referees in all games under its jurisdiction. Each new referee must complete a recognized training course and then pass a written and physical testing. All referees will abide by the Laws of the Game (FIFA) and the PAA handbook.
 - Referees shall be compensated only for games played and officiated, or those games scheduled for which the referee appears at the field, but the game is forfeited by one of the teams, or for those matches postponed in progress due to inclement weather.
 - Fees to referees shall be paid on a per game basis, the amount to be determined by agreement of Officials Coordinator, Board of Control, Diocesan Athletic Director, representative from Superintendent's office and the PAA Soccer Commissioner.
 - Any referee who willfully fails to enforce any of the rules is subject to immediate and permanent suspension by the league office and any fee due for that game will be forfeited.
24. Coaches
- Only 1 coach is allowed to give tactical advice to players and that advice must be given from the coaching area (30 yards either side of center, 1 yard from touchline).

- No coach may enter the field of play without the referee's permission (except in the case of an injured player).

25. Spectators

- The spectator restraint line is parallel to and at least 9 feet from touchline. All spectators, substitutes and assistant coaches must remain behind this line.
- No parent, spectator, sibling, assistant coach may coach/watch from touchlines or goal line.

26. Starting Game

- U 8 and U 10: The team LOSING the toss kicks off in quarters 1 and 2. The team WINNING the toss chooses the goal and kicks off quarters 3 and 4.
- U 12 and U 14: The team LOSING the toss kicks off 1st half. The team WINNING the toss chooses the goal and kicks off 2nd half.

27. Field dimensions and goal width

Division	Goal Width	Field Dimensions
U8 – U12	16 feet	Length: 65 – 70 yards
U 14	24 feet	Length: 100 yards

- U 8 –U12 fields – the absolute minimum width is 94 feet (goal of 16 feet plus penalty areas of 36 feet outside each goal plus three feet between penalty area and touchline). Absent severe space restrictions, the minimum width is 120 feet (40 yards).
- U 8 –U12, the penalty area is a rectangle 88 feet wide centered on the goal, extending 36 feet into the field.
- The goal area is a rectangle 40 feet wide centered on the goal, extending 12 feet into the field.
- The penalty mark is a spot 8 yards from the center of the goal (halfway between penalty area line and goal area line).
- The penalty arc is drawn outside the top of the penalty area at a radius of 20 feet from the penalty mark.

- U 14 fields – the absolute minimum width is 50 yards.
- The penalty area is a rectangle 132 feet wide centered on the goal, extending 54 feet into the field.
- The goal area is a rectangle 60 feet wide centered on the goal, extending 18 feet into the field.

- Each field shall have a center line, with a center circle of radius 20 feet for U 8 –U12 and center circle of radius 30 feet for U 14 divisions.

27. Number of players

Division	Maximum # of players	Minimum # of players
U 8	7	7
U 10	7	7
U 12	8	8
U 14	11	7

28. League fees

PAA soccer fees are charged per player. PAA is responsible for paying the officials coordinator, officials fees for all regularly scheduled games, training fees/rules meetings associated with officials and coaches. If enough interest, the PAA will sponsor state certification clinics. This cost will be passed on to member institution for the number of coaches who attend and gain certification.

29. Coach certification and training

It is the responsibility of each member institution to ensure that each coach (head and assistant) and anyone who might serve in a leadership/teaching capacity with any team:

1. Have on file at the Catholic Center a completed criminal authorization form and proper clearance of that check. (Proper clearance is granted through the Human Resources Dept. at the Catholic Center). See appendix for a copy of the criminal authorization background check form.
2. This form should be submitted prior to the person being approved as a coach/volunteer.

All coaches (head and assistant) and anyone who might serve in a leadership/teaching capacity with any team must have attended and registered online to certify attendance at the VIRTUS – Protecting God’s Children Program. These courses are taught throughout the Diocese at different parishes/schools. Upcoming schedules are published in the West Tennessee Catholic and also available through the Human Resources Department at the Catholic Center.

30. Each head coach must attend the mandatory rules meeting for the sport. Assistant coaches are welcome to attend also.

31. Games Ending in Ties

Regular season games that are tied at the end of regulation – will end as a tie. The 5th – 8th grade divisions traditionally have an end of the year tournament upon completion of the regular season. Because a winner must be determined to advance to the next round, the following procedure will be followed:

- One 5-minute overtime period. If the score is not tied, the one with the larger number of goals will be declared the winner.
- If the score is still tied at the end of the first 5-minute overtime, the teams will play a second 5-minute overtime. If the score is not tied at the end of the second overtime, the one with the larger number of goals will be declared the winner.
- If the score is still tied at the end of the second 5-minute overtime, the teams will go into a shoot-out where 5 different players from each team will go one-on-one with the opponent's goalie. This procedure will be continued until one team has broken the tie.

Please note that neither the overtime periods nor the shootouts are not sudden death where the 1st team to score wins. Each overtime period is to be played in full as well as each 5-player shoot-out per team is to be completed.

Charlie Brown/Lucy League Basketball

New 2012 – Athletic Directors have agreed to use the CBLI Subbing Pattern. All players present at the beginning of the game are assigned a number based on the number of players in attendance. Coaches are to complete the Pattern Sheet prior to the game and place copy of the scorer's table. Substitutions are only allowed for: Injury, Fouling out of game or at the player request

Objectives:

1. To teach basic basketball fundamentals in a recreational environment (stress the skills of dribbling, passing, rebounding & shooting).
2. To teach the basic offenses and defenses (man to man, zones).
3. To teach players the positions (point guard, wing, high post, low post) and to present it in such a way that all participants understand.
4. To teach team concepts (get away from the one-man shows, spend time teaching the players that is about "us" and not "me").

Rules

1. All divisions will have 4 – 5 minute quarters with the clock stopping on dead balls and at the 2 ½ minute mark each quarter. The break at the 2 ½ minute mark of each quarter is for player substitution according to the CBLI Subbing Pattern. Player transition/subs should be made as quickly as possible – should unnecessary delays occur, the official may issue a time-out after a warning has been given.
2. Free throws for fouls will be shot during the game with the clock stopped. Free throws will be awarded for fouls where shots are made (one free throw), shooting fouls (two shots) and bonus situations (one and one). Teams will enter the bonus situation for team fouls 7 – 9 and upon reaching 10 fouls – 2 free throws will be awarded. Bonus situations are each half.
3. One time out per half will be allowed. Time outs not used do not carry over to the next half.
4. All field goals count 2 points. No 3 point field goals will be awarded.
5. A coin toss will decide who takes the ball out to start the game. Possession arrows will determine possessions for the remainder of the game.
6. The head coach will be allowed to stand in the coaching box unless the official deems it necessary that he/she be restricted to the bench.
7. One team is to provide a volunteer scorekeeper while the other team should provide a volunteer to run the clock.
8. No full-court pressing is allowed in any division at any time. During the game, half-court pressing is allowed by teams with a 0 – 14 point lead. Teams with a 15 point or greater lead will be required to play defense within the 3 pt. circle (if no 3 pt. circle exists, defense will be required to stay within the free throw lane).
9. Referees used must be registered with an approved officials association – either as active or inactive. Approved associations are TSSAA, MPSA or Metro Officials Association. If a referee holds membership in a different association – referee

should contact league office with pertinent information regarding the association. That information will be reviewed by Board of Control and the association can possibly be added to the list of approved associations.

10. Consistent refereeing should occur. Referees will be instructed to let the players learn within reason and to call the game according to the level of play. As a general rule, fouls & violations will be called by referees especially when one team gains an advantage over the other. It should be understood by all that the children are just learning the game so every violation will not and cannot be called. Every effort will be made to call violations that give one team an advantage over the other.

11. All referees will be paid the same amount per game – amount will be set by league office. Referees should complete a voucher pay sheet - athletic directors should fax these completed forms to the PAA office by NOON OF THE NEXT SCHOOL DAY following weekend play. (Fax to 901-373-1223). Failure of a host site to submit vouchers by Monday at noon will result in a \$25 fine per game on the second occurrence.

12. If the game ends in a tie, one – three minute overtime period can be played. Each coach would receive one time-out to use during the overtime period. Should the overtime period end in a tie, there are no additional overtime periods. The game just ends in a tie. Because all players should have received their 2 quarters of play, this period will not count towards the 2 quarter rule.

Uniforms

1. Uniforms should be kept very basic (t-shirt or singlet).
2. Uniforms should have a legal basketball number on the front and back (1-5, 10-15,20-25,30-35,40-45,and 50-55). Teams should make every effort to make sure 2 players do not have the same jersey number – we will not penalize (by a technical foul) for having an illegal number since some schools use the same jerseys for multiple sports.
3. Every school should make an effort to have players in matching color shorts. P.E. shorts are acceptable in this league – once again – we will not penalize for having non-matching shorts.
4. Home schools should have some sort of singlets/pennies available in case both schools are wearing same jersey color.

First & second grade boys & girls

1. Ball used is 27inches – Junior Size ball. Goal is 8 ½ feet.
2. Free throw line should be marked at 10 feet.
3. Each player will be allowed one free throw and one lay-up at halftime. Scoring one point for each shot made and the points being added to the game score. It is the responsibility of the coach to keep track of the points and report to the scorer's table before the 3rd quarter begins.

Third & fourth grade boys & girls

1. Ball used is 28.5 inches (girls high school basketball). Goal is 8 ½ feet.
2. Free throw line should be marked at 12 feet.
3. Free throws and lay-ups made during half-time will not be counted toward your game score. Teams can shoot or rest during half-time.

Summary

1. One of the purposes of this league is to introduce grades 1 -4 to the game of basketball – players should be taught the basics.
2. All players should be given an equal chance at playing time – coaches are to use the CBLL Subbing Pattern.
3. All players, coaches, parents & fans should have fun and appreciate the value of the league.
4. Keep controversies to a minimum – athletic director for each site should be on site or have someone designated as a game administrator to handle any problem that should arise.
5. Gym floors should be kept clean at all times and each playing site is responsible for having backboard and walls/stages properly padded. All sites should refer to the current NFHS Basketball Rules book for the proper requirements for padding, spacing between playing floor and bleachers, etc. Any questions should be addressed through the site Principal/Pastor, Safety Coordinator and Diocesan Director of Risk Management.

Softball (for girls) and kid/coach pitch baseball (for boys) for students in grade1 – 4 is available through the MCRA – contact Christ United Methodist Church Recreation Dept. The season is May – June.

We thank you especially for the ability to participate in sports today.

Help us to play in a Christ-like manner.

Help us to play in a way that will foster teamwork.

Help us to play to the best of our abilities.

Win-or-lose we hope to have fun, make friends, and celebrate life.

ⁱ PAA Policy on scheduling of events

One of the functions of the PAA office is to provide a master schedule for all PAA sanctioned events. In order for this to happen, the PAA office must rely on the Athletic Director to submit the following information: dates/time that the playing venue is available & unavailable; are schools allowed to play on Wednesdays and Sundays; if so the times they are available.

Events are not scheduled on Holy Days nor during Thanksgiving Break, Christmas Break, MLK Day, Spring Break, Palm Sunday - Easter Monday.

Many schools/churches opt to play on Sunday afternoons because it is a non-stressful time for many families. Some schools/churches opt to not play on Sunday afternoon while some prefer to play, but not at home. Some block out Wednesday evenings because of PRE.

The PAA office does honor these requests - but we are only as good as the information we receive from the site Athletic Director. We ask that they consult with the school principal and Pastor before turning in dates that their site and teams are available/unavailable.

Lightning Guidelines

If lightning is seen or thunder is heard - it is close enough to strike. Follow the thirty minute rule. Once play is suspended, at least 30 minutes must pass after the last clap of thunder is heard or the last flash of lightning is witnessed prior to resuming play. Any subsequent thunder or lightning after the beginning of the 30 minute count requires the clock to be reset and another 30 minute count to begin.

Concussion Guidelines

The PAA follows Tennessee State Law on concussions. Please see TN.gov website for the most updated information in regards to the law.
